Short Science Fiction Collection Vol. 017

Science fiction (abbreviated SF or sci-fi with varying punctuation and case) is a broad genre of fiction that often involves sociological and technical speculations based on current or future science or technology. This is a reader-selected collection of short stories, first published between 1951-1962, that entered the US public domain when their copyright was not renewed. Summary by Cori Samuel, with Wikipedia input. Total running time: 04:05:41.
